For specimen collection pick up times, find your location and service symbol on the Specimen Pick Up Service Time Table.

Laboratory Locations ⊠

Our messenger service is generally quite consistent. Unless specified above, we deliver reports and pick up specimens before lunch, and again from 4:00 – 6:30 pm. If we are delayed, it is generally due to unforeseen traffic conditions, however, we will try to have a messenger there as fast as possible. Our busy periods are between 12:00 – 1:00 pm and 5:00 – 6:00 pm, therefore early calls and fixed runs are appreciated. Please allow time for us to get to your office after you call. Our services are reviewed from time to time and may be revised if necessary. We close on public holidays.
